

HEY KIDS! THE NEW SUPER PLAYGROUND NEEDS YOU!

The City of Pittsburgh is replacing the Highland Park Super Playground with a new Super (Duper!) Playground! The Highland Park Community Council is working with the Pittsburgh Glass Center to create **Hidden Mosaics** nestled on rocks and wooden features around the new playground. These will be inspired by ideas from kids and turned into mosaic designs by Pittsburgh Glass Center artists! Check out the mosaic guidelines below, then submit your idea!

The new Super Playground will have a fantasy adventure theme with lots of natural elements – think castles, boats, and sea creatures!

The mosaics will be about **5 x 5 inches**.
Here are some examples of similar mosaics

What to keep in mind for your mosaic idea:

- Ideas with **strong colors** and **bold outlines** will make the best mosaics.
- **You do not need to draw your ideas out of mosaic shapes**- Pittsburgh Glass Center artists will adapt the drawings.
- **Get inspired** by the beauty of **Highland Park**, the **nature** surrounding it, and all of the **fantasy** fun and **adventure** you will have in the new Super Playground!

WHAT HIDDEN
MOSAICS SHOULD
WE MAKE?
