underpass activation
sculptural lighting
leisure & relaxation
active play
large scale community events
pavilion gathering space
fun & sculptural form

DESIGN TEAM

convenience amenities
restroom partnership
connection/gateway to POP District
night vibrancy
fun & funky

HOW DO WE **REVITALIZE** ALLEGHENY LANDING?

PLAYFULNESS

use art, color, whimsy, and play for all ages to foster a sense of joy, wonder, and exploration

CONNECTION

create meaningful connections to the Northshore neighborhood, POP Arts District, and Cultural District to become a gathering space for Pittsburgh communities

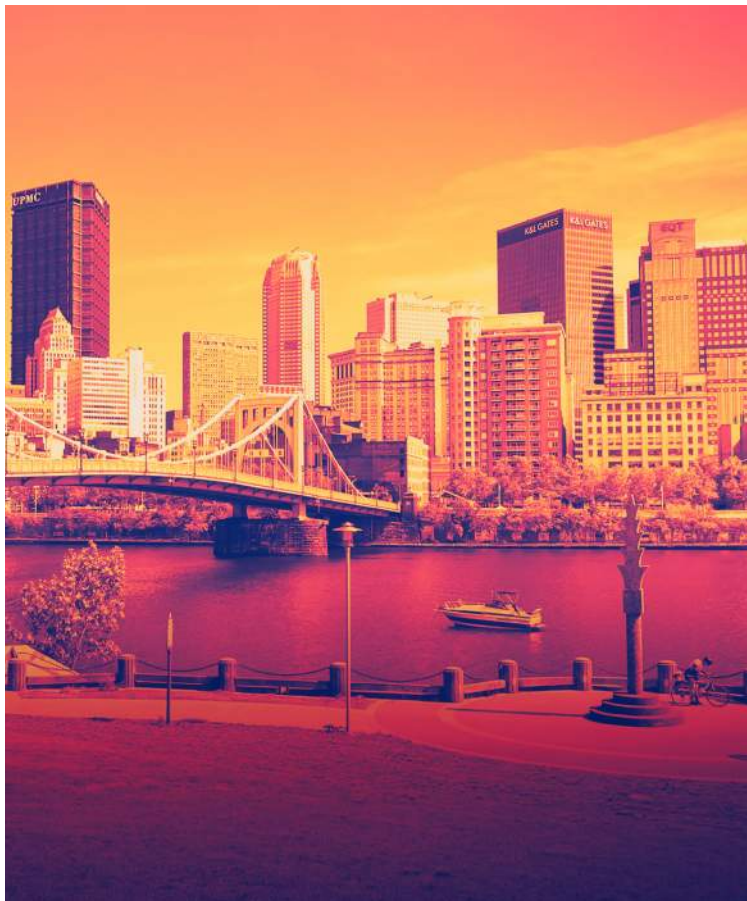

SUSTAINABILITY

use green infrastructure and stormwater management strategies to ensure the park's success for generations to come

ACTIVATION

provide the framework for a range of activities and programming, from comfortable lounge seating to performance and event spaces

DESIGN THESIS

With an infusion of art, color, whimsy, and play, Allegheny Landing will foster joy, wonder, and exploration to create meaningful connections to Pittsburgh's Northshore neighborhood, POP Arts District, Cultural District, and greater community.

Utilizing green infrastructure and sustainable strategies, the Landing will provide a framework for a range of programming that accommodates both daily activity and event space, ensuring this public amenity success for generations to come.
